Two-part Training: Introduction to Forensic Medical and Psychological Asylum Evaluations

Session #1 Thursday May 2, 2019

5:30pm-7:30pm

Ether Dome

Session #2 Tuesday May 7, 2019

5:30pm-7:30pm

Ether Dome

The MGH Asylum Clinic offers forensic medical and psychological evaluations to immigrants seeking asylum in the United States. We operate a twice-monthly clinic at MGH staffed by volunteer clinicians including faculty and trainees (MD, NP, PA, PsyD, LICSW, RN). Attendance at both sessions of the training is mandatory to volunteer.

We provide ongoing education and mentorship to volunteers.

Please **RSVP** by emailing Kerry Phelan(kphelan@partners.org)
