

MGH GLOBAL HEALTH EXPO 2023

EVENT SUMMARY: 100 + ATTENDEES | 27 TABLES | 4 AWARDS GIVEN

WHAT'S THE PURPOSE?

The MGH Global Health Expo, hosted annually by the Center for Global Health, provides an opportunity to engage with the MGH community and learn about global and local health equity initiatives across MGH. The Expo is the place for leaders and change makers to spur new conversations and collaborations and discuss emerging topics in global health.

WHO PRESENTED?

A wide variety of MGH employees, clinicians, organizations, programs of the Center for Global Health (CGH) and the Center's implementing partners presented their work at 27 different tables at the 2023 Global Health Expo.

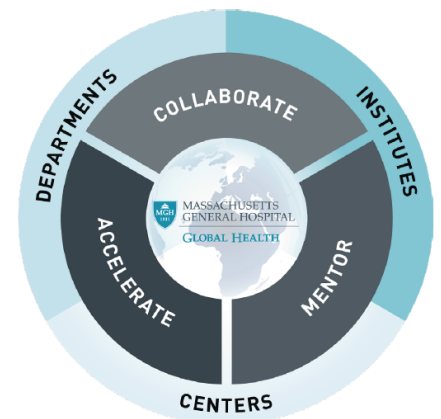

WHO ATTENDED?

More than 100 people from within and outside the Mass General community were present at the four-hour event on the MGH campus. Attendees were there to learn from those presenting at tables; to celebrate work done in the past year; to talk with colleagues they rarely see face-to-face – especially in the wake of the COVID-19 pandemic; and to enjoy the jovial atmosphere alongside others passionate about the field of global health.

HOW THE CENTER FOR GLOBAL HEALTH INTEGRATES INTO MGH

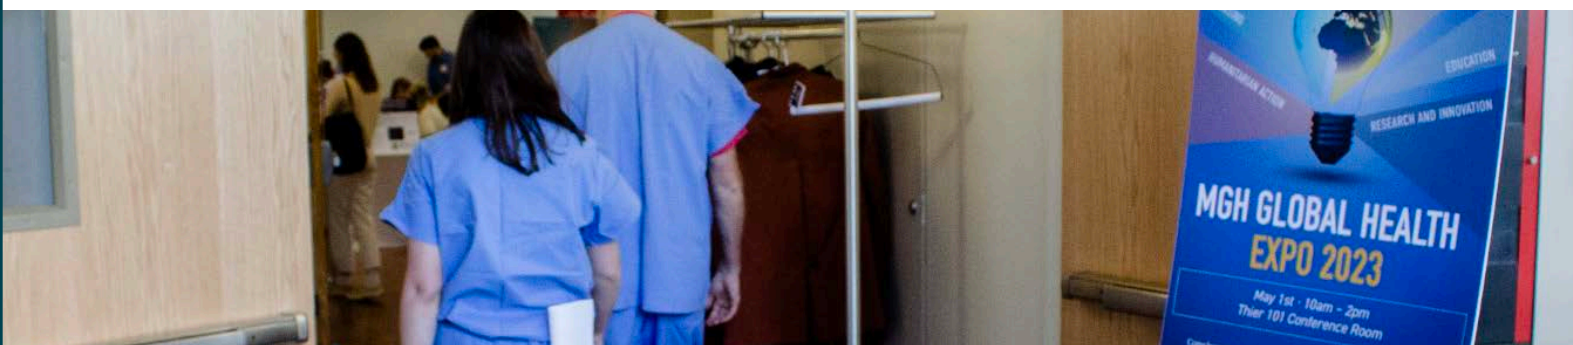

The Mass General Center for Global Health (CGH) is a central hub of expertise and support for global health initiatives across the MGH ecosystem. We increase the efficiency and effectiveness of MGH's global health engagements by securing sustainable, equitable partnership infrastructures; educating, training, and organizing global health resources; facilitating interdisciplinary collaboration; and accelerating impactful research and innovation.

" IT WAS GREAT TO RECONNECT WITH SO MANY COLLEAGUES AFTER SO MANY YEARS. "

- Ryan Carroll, MD, MPH

• GLOBAL HEALTH SERVICE AWARDS

The Global Health Services Awards were established to accelerate the impact of those already dedicated to global health; to recognize people whose goal is to inspire, advance and improve clinical care for underserved populations; and to emphasize the importance and benefits of global collaboration in healthcare. All MGH employees and global partners are eligible for an award under this program.
